To a real sweet girl that I can never forget for the wonderful times you and Babes have given me. I will always remember you because you are so sweet, loveable and kind to me. I hope you and Babes have the best of luck in the future ahead. Remember me, and the rest of the gang that you left behind at school to be touched with study. I will always remember the times we had together, the places you and Babes took me. When you and Babes get married look for me every day that rools along because I'll never forget you. Stay as sweet as you are know because if you will you will have more friends than human can boast. Both I will do as much as I can to help you and Babes in the future if possible. Always feel free to call on me and my family for anything anytime (please). Both I'm so happy for you because you have more than any girl your age would want. I hope that your marriage will be a happy one because it is important. I know that when you raise a family that it will be a lovely family because you and Babes both are good Christians. I still love you even if you are getting married.

Love Always
Dilda Lanier

I love you and Babes.

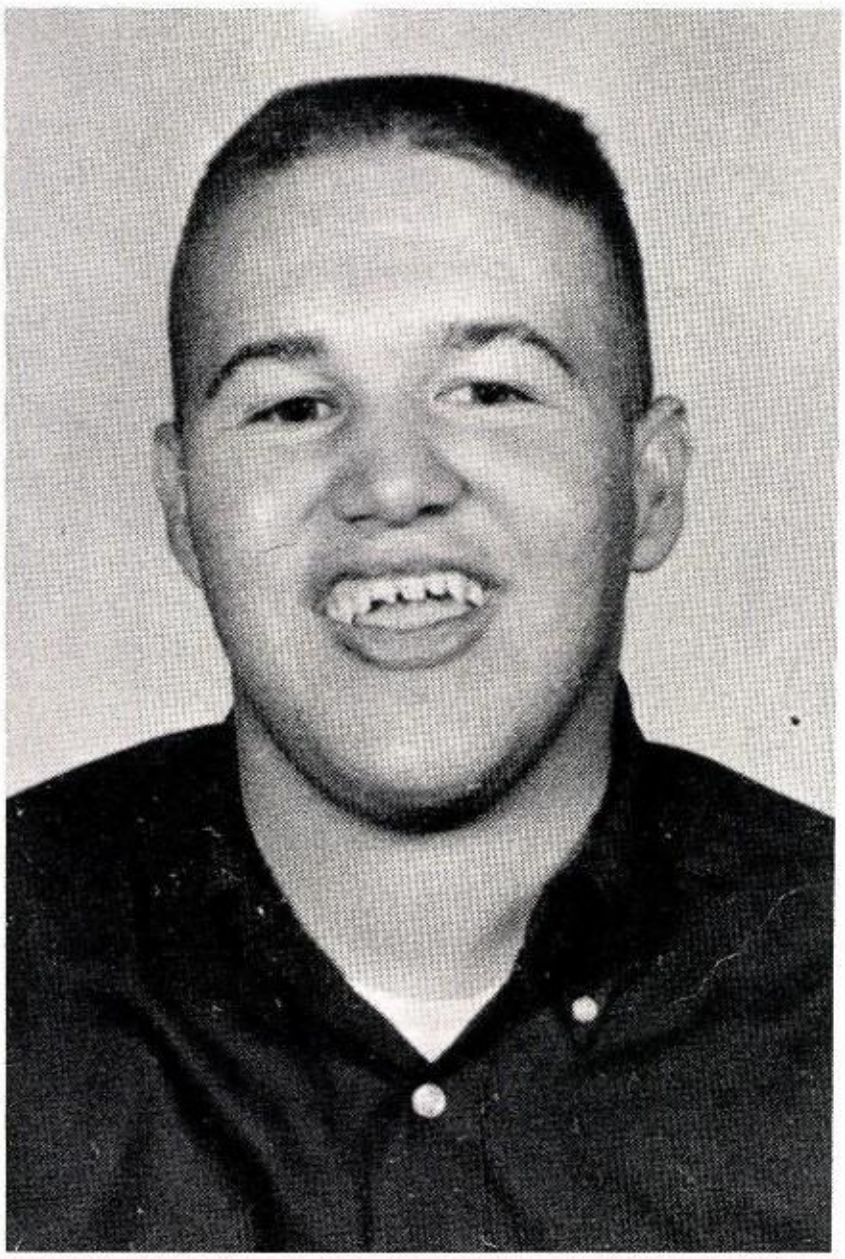
Dedication

In Dedication



Each of us arises each morning to face a day of toil and relaxation; despair and hope; sorrow, but also joy. Our success and happiness are largely dependent on how we face these daily factors. To meet the demands of each new day, John Neely had to possess an extra degree of cheerfulness, courage, and dedication.

"Courage is to feel
The daily daggers of relentless steel
And keep on living."

"I, thus neglecting wordly ends, all
Dedicated to . . . . the bettering
Of my mind."

"Cheerfulness keeps up a kind of daylight
In the mind, and fills it with a steady
And perpetual serenity."

To JOHN DOUGLAS NEELY, we, the Annual Staff, dedicate this 1965-66 YELLOW JACKET ANNUAL. May we each follow his example of cheerfulness, courage, and dedication in the furtherance of our life.

Foreword

The idea of a high school is found at Denham Springs High in the academic, cultural, and social programs. These programs are designed to send those graduated from this secondary school into the world as college material.

Academically, D. S. H. S. offers a wide variety of programs which help prepare the student for his chosen vocation.

Culturally, the high school offers a variety of sciences designed to further understanding of world culture.

Socially, students are prepared to meet the people of the world through their daily living. Their association with friends, teachers, club members, and athletes contributes to their growth.

Throughout four years of high school, the student learns to study, work, and play with others as they become better citizens.

Alma Mater

On old Denham's northern border
Reared against the sky,
Proudly stands our Alma Mater
As the years go by.

Forward ever be our watchword
Conquer and prevail,
Hail to thee our Alma Mater;
Denham High all hail!
